

Martinez Missionary Mail

(Jan, Feb, Mar 2019)

Chuck & Robin Martinez, International Mission Directors
SGSP Aviation Ministries, Inc.

And so, it begins...

As 2019 opened Chuck & Robin relocated to a new missionary home. With prayer and patience, we found a very good location on the fringe of Quetzaltenango. We hired men and borrowed a pickup. With our belongings piled high and precariously balanced in the bed of the truck, (Guatemala style), we trundled over rough roads on the way to our new digs.

Our new home is in a “colonia” with furrowed fields on three sides. A milk cow roams around behind our back wall mooing loudly, it’s not an unpleasant sound, simply the sound of home!

Settling into our new missionary home, then only days later, heading stateside.

New Ministry, Sharper Focus...

For 12 years and counting, Chuck & Robin have used aircraft to advance the Kingdom of God in Guatemala. This February, C&R began missionary flight operations as international directors for SGSP Aviation Ministries, Inc.

Pastor Larry from South Dakota has the distinction of being our first missionary passenger of the year, as he returned to Guatemala to train Guatemalan Bible students in practical ministry skills.

Pastor Larry, SGSP's first ministry flight for 2019.

Attention to detail

Swimming in a sea of paperwork describes our first quarter in Guatemala & stateside. All this effort is to bring our ministry vision into full focus. As of this publishing, *SGSP Aviation Ministries, Inc.*, awaits IRS designation as a 501.c.3 tax exempt nonprofit public charity. In the meantime, you are invited to continue giving, although no tax credit can be given until we receive the IRS green light

Some Family Time

While stateside, Chuck & Robin took time to just be grandparents for a week. We enjoyed spending time with our son-in-law Angel, daughter Rachael, and (especially) granddaughter Lylah, who is sharp as a tack & pretty as a pencil. Our missionary work in Guatemala is important to us, and so is our precious granddaughter.

The Counsel of Many...

Also accomplished while stateside, meetings with *SGSP* board members and volunteers in Texas, Oklahoma, and Arizona. We were able to personally connect with each support volunteer, talking over specific strategies for this year and beyond. Do you have a creative skill or ability? Consider how you can aid us in our mission and spread the word.

Back in the Guatemala Skies

After 30 days stateside we sensed it was time to return to Guatemala. Without missing a beat, we were back in the air and back to the Fathers business. Please continue to pray, give, and agree with us as we seek new ways to *Serve God by Serving His People!*
