

Martinez Missionary Mail

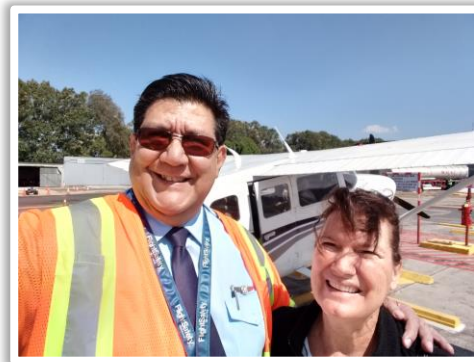

(Second Quarter 2021)

Chuck & Robin Martinez, SGSP Mission Directors- Guatemala

Chuck & Robin Stateside in September/October 2021

We are looking forward to visiting with as many of you, our faithful supporters as possible. We would also ask that you begin now to pray for open doors and favor as we travel. Each of you can help SGSP Aviation network to new contacts, organizations, and supporters that will help us serve effectively through the rest of this year and into the next. As the mission of SGSP Aviation continues to expand, the need for additional funding for flight operations increases in direct proportion. As missionaries, Chuck & Robin (missionary ID 11901) also need committed supporters that ensure we remain sure-footed in Guatemala.

Email admin@sgsp-aviation.org to schedule your SGSP Aviation Ministries presentation.

SGSP, Happy to Help!

Hogar Prometido (The Promised Home) in Quetzaltenango receives monthly help from SGSP Aviation Ministries. After loading up on basics, we like to add special items for the kids and staff.

SGSP Aviation Ministries is a 501.c.3 public charity. That means that your giving and donations are tax deductible.

From the Director- Give Wings to Good Works!

Aviation is a powerful tool, one that enables good works to get where they are needed. Here at SGSP Aviation Ministries we keep flying with your help. Give generously, its tax deductible! Connect with us at www.sgsp-aviation.org to find out how.

The Value of Volunteers

Here at SGSP Aviation Ministries we appreciate volunteers and their gift of time and talent.

Recently on an SGSP refueling flight between Xela and Guatemala City, we invited our friends and volunteers, Brian & Deb to fly along and get a look at the western highlands from a vantage point few get to see. Judging from the smiles on their faces (inset) we think they enjoyed the experience.

La Esperanza Sewing Class

It's not just about sewing, it's also about ministering self-confidence. These Mayan girls have completed their projects with excellence and received an SGSP Aviation certificate of completion. Each received a generous gift bag of sewing gear and materials. The most accomplished student was awarded a new sewing machine (inset).

Yes, It's That Time Again!

Annual Inspection on mission aircraft can take weeks depending on the aircraft. This year I had help. A volunteer set aside a full week to assist me by opening all aircraft inspection hatches and performing services.

This painstaking process is necessary to keep mission aircraft safe and in airworthy condition. Your tax-deductible donations keep us flying.
