

Martinez Missionary Mail (Third Quarter 2021)

Chuck & Robin Martinez, SGSP Mission Directors- Guatemala

♪ On the Road Again ♪

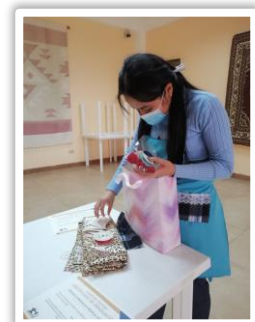

September found us stateside in Texas, Oklahoma, Kansas, and Arizona. Why travel so far and wide? It is about relationships and keeping them alive and well. Chuck & Robin have been missionaries in Guatemala nearly 15 years, and before that, 4 years with an aviation missionary group based in Tulsa. During these years, a faithful army of family, friends, individuals, churches, and organizations have kept us standing firm on the mission field. We count it a privilege to visit as many as we can each year as we share the vision and mission of SGSP Aviation Ministries.

Lawrence KS, a first for C&R, visiting a missionary friend from Guatemala.

Even While We Are Away

Sewing classes continue to move forward. These many months of covid have made it challenging to keep a regular schedule as country-wide restrictions in Guatemala ebb and flow. Even so, students and teachers remain excited to build skills and Bible knowledge with every class. We returned from this trip with boxes and boxes of generously donated supplies and gear.

Girls working on their projects and gift bags at graduation.

A Vibrant Children's Outreach

Lavon Drive Baptist Church in Garland TX has a large children's ministry. Robin and I often share in the services and Sunday School. However, the children's bus ministry is our favorite. We start with a Bible teaching and end with a presentation about Guatemala. The kids save their offerings throughout the year to present a gift for the children of Guatemala.

Lampasas TX

The list of old friends here is long. Some even knew us before we began our missionary journey, while others have come to be mutually regarded as family in a short span of time. It appears we meet and make new connections each time we are in this little patch of Texas.

Where Did You Come From?

We were not born in SE Arizona, but we certainly were spiritually raised there. For 16 years, Shiloh Christian Center in Sierra Vista, cultivated two very raw seeds that were Chuck & Robin and then sent us out to the mission field. It has been nearly 20 years ago now since leaving for the mission field.

Granddaughter Time

Something we get too little of is sunny days with our #1 granddaughter, Lylah. Texas is a big state but not so big that we could not visit Corpus Christi for a few days. A morning out at Padre Island ended with us in the mouth of a large shark (pretend)!
What a day!
